

Building Safety Dashboard Reporting

Area	Compliance Status
Decent Homes Standard The Decent Homes Standard means your home must be safe, warm, well-maintained, and free from serious hazards, with landlords clearly showing compliance through STAIRs.	
Lift - Safety Servicing Lift safety servicing means your building's lifts are checked often, faults are fixed quickly, and landlords keep clear records to prove ongoing compliance.	
Lift – Comprehensive Inspection Lift comprehensive inspection means qualified engineers fully check lift safety, performance and emergency systems, with landlords recording results clearly to meet STAIRs transparency duties	
Carbon Monoxide Testing Carbon monoxide testing means alarms are checked regularly, faults fixed quickly, and landlords clearly show homes remain safe and compliant with regulation	
Smoke Alarm Testing Smoke alarm testing means alarms are checked often, faults fixed quickly, and landlords keep clear records to show homes stay safe
